

QUALITY360 NEXT

STEP 5 PRD

CERTIFICATE & DISPATCH

Version: 1.0

Target Customer: Vedanta Aluminium – Jharsuguda

Platform: Quality360

Depends On:

Step 1 – Incoming Material Inspection

Step 2 – Process Material Qualification

Step 3 – Metal Quality Control

Step 4 – Product Quality Testing

Quality Genealogy Framework

1. BUSINESS OBJECTIVE

Generate customer quality certificates and authorize dispatch of approved aluminum products.

This is the final stage in the quality lifecycle.

2. BUSINESS QUESTION

Can this product be released to the customer?

3. BUSINESS FLOW

Product Approved ↓ Certificate Generated ↓ Customer Specification Validation ↓ Dispatch Approval ↓ Shipment Released
